WHAT IS A TRAVELJOHN™ DISPOSABLE URINAL?

TravelJohn™ disposable urinal is convenient, sanitary, discrete and compact. The key ingredient is LIQSORB®, a combination of an exclusive biodegradable non-woven fabric pouch containing a biodegradable polymer substance that immobilises bacterial growth quickly - absorbs the liquid waste and turns it into an odourless, spill-proof gel bag that is non toxic and waste disposal safe. The unisex adapter makes it easy for anyone and everyone to use while sitting or standing, and a spill guard prevents back flow during use.

LEAKPROOF • HYGIENIC • ODOURLESS ABSORBENT POUCH
