New Product Makes Accidents A Thing Of The Past.

Don't wait for an emergency. Be prepared with a TravelJohn Disposable Urinal kit, you won't want to travel without it!

The TravelJohn Disposable Urinal provides a clean, convenient, and comfortable way to go, especially when there's no toilet available.

The TravelJohn Disposable Urinal utilizes the ingenious LIQSORB, a patented pouch that instantly absorbs, deodorizes and disinfects while magically solidifying liquids into a spill proof gel. Compact and leak proof, the TravelJohn Disposable Urinal can be used by men, woman and children, as it has a unisex cuff. It's perfect for the immediate needs of children, car trips, car sickness, camping, adventurers, concerts, even people who are bed-ridden.

It's able to hold up to 800ml, and a volume indicator lets you know when it's nearly full. There is a specially designed spill guard that prevents back flow that allows you to stand or sit. The TravelJohn Disposable Urinal is eco-friendly and completely biodegradable, it uses no active chemicals and is non-toxic, yet compact enough to travel in a pocket, purse or glove box. Best of all, there's no clean up- simply throw in the garbage!

For further information or pictures, call Frances on 0407 140 500 anytime.
